

Oseir

SINCE 1999

INTRODUCING THE NEW GENERATION OF SPRAYWATCH

New hardware. New software. Enhanced capabilities.

Smarter Software. Simpler Operation.

- A new software platform
- Automated measurement settings
- Production-ready usability
- New spray stability monitoring
- Modes for production and R&D

Enhanced Measurement Performance

- New higher-resolution camera
- Expanded measurement range for demanding applications

Seamless Industrial Connectivity

- OPC UA connectivity
- Web-based user interface
